A collage of images featuring Royal Purple products and racing. It includes a purple lightning bolt graphic, a blue dragster on a track, a woman in a racing cap, and a bottle of Royal Purple Synthetic Motor Oil. Text on the page includes:

Purple Lightning!

"I never imagined a motor oil could make such a difference."

Cristen Powell, NHRA Top Fuel World Champion

The Most Advanced Synthetic Motor Oil Ever Made

Proven by racers in every class, Royal Purple Synthetic Motor Oil is a revolutionary breakthrough in lubricant technology. It's fortified with Synerlec, which creates a super lubricating, tough film on all critical engine parts, so your engine runs cooler with much less friction. That means more horsepower, improved fuel efficiency and longer lasting engine parts.

You'll feel a big difference with just one oil change.
